To whomsoever it may concern

28th October 2023

Mysore

It has been a great joy and honor knowing both **Dr Ravishankar KV & his wife Dr Uma Ravishankar** for the past 20 years. They are not only the most helpful and famous Ophthalmologists of Mysore city, but also very good mentors to dozens of young Doctors and friends to the thousands of patients and their families.

They spent prime of their life in training at various prestigious institutions in India and abroad. They brought back that immense knowledge and skills to serve the people of Mysore & surrounding 5 districts for the last 30 years through their Usha Kiran Charitable Eye Hospital. There have been thousands of beneficiaries of their charitable work not only in India but also internationally thru various charitable institutions.

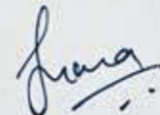

We have referred thousands of poor children from our own Aaditya Children's clinic for various conditions like refractive errors, infections, congenital birth defects, squints, droopy eye lids, lazy eyes, cataracts, partial to total blindness, injuries etc., We are extremely proud to declare that all our patients have received excellent care and cure at their state of the art Eye hospital. None of the poor patient have been denied treatment due to lack of funds. They have always raised funds thru various philanthropic individuals and institutions to support their noble mission.

They have shown their indomitable spirit to help the humanity by giving back SIGHT to thousands with impaired vision at various stages of life. We wish them and their TEAM at Usha Kiran Hospital and also Sri Vivekananda Sevashrama, a very long and successful philanthropic service to humanity.

We both are indeed very delighted to recommend Dr Ravishankar KV & Dr Uma Ravishankar for conferring the award - "CHAMPION OF IMPACT".

Dr Prashanth HS Rao
