Dr. K.V. Ravishankar is known to me as a fellow Rotarian of Rotary E-Club of Bangalore 3191. The one quality that caught my attention from the time we met was his commitment to his profession. The passion he has for his patients is ably supported by his other half, Dr. Uma. Both of them have been running the Usha Kiran Charitable Eye Hospital at Mysore since 1995 with utmost dedication. Besides treating all who approach them, Dr. Ravishankar has devoted a considerable amount of his time and other resources for the service of the poor and needy, especially the children. Rendering his expertise to correct eye ailments like Pediatric Cataracts, Squint, Child hood Glaucoma and Droopy Lids has not only cured the children physiologically, but also brought about positive changes in their lives as they are able pursue their dreams post-surgery and this resulted in developing their self-confidence. Thousands of children from rural backgrounds and lower socio-economic strata of the society have benefitted from this selfless service of Dr. Ravishankar. Supporting this yeomen service of Dr. Ravishankar, it with happiness I share that Interact students of Delhi Public School Electronic City, Bangalore crowdfunded nearly 13 lakh rupees for conducting pediatric cataract surgeries for the needy. He and his colleagues have extended their service beyond our country to places in Asia, Africa and Latin America where proper facilities are not available to conduct eye surgeries and corrections. Reiterating the thought of Martin Luther King, "Everyone can be great, because everyone can serve", Dr. Ravishankar and Dr. Uma continue to serve as role models and provide the gift of eye sight.

I strongly recommend the nomination of Dr. Ravishankar for the 'Champion of Impact' Award of Rotary International.

I sincerely wish him to be blessed with the best of everything to continue his endeavours in the service of Rotary and humanity.

Warm Regards

Rtn. Anupama Ramachandra
President, Rotary E Club of Bangalore 3191
