No. SVS/MYS/10/2023-24

Dated 27 October 2023

To Whomsoever it may concern

Sri Vivekananda Sevashrama is a regd. NGO and is having an Eye hospital in Bengaluru, Karnataka. It is responsible for giving sight to over 65,000 people in North Karnataka & Kalyana Karnataka conducting mega camps there for the last 20 years. Its Mysuru unit is having several projects for children, the main being School Children Eye care.

We go to all Govt. schools in Mysuru, Mandya & Chamaraja nagar districts, conduct eye camps, and identify children with defective vision. In the last 10 years, we have conducted 660 school camps and have checked vision for more than 3,45,000 children.

We have identified more than 10,300 children needing spectacles and supplied them free glasses. During this period we have also been able to conduct 315 free eye surgeries for defects like cataract, squint correction, drooping eyelids etc., all in Ushakiran Eye Hospital, Mysuru. More than 20 children from far off distances in North Karnataka have undergone surgery by Dr. K.V. Ravishankar.

In these above works Dr. Ravishankar has not only been associated, but in the last two years, he is completely supporting this project & Sevashrama is indebted to him for his noble work. I have been personally highly influenced by his humane touch to every single case he has come across.

Sri Vivekananda Sevashrama strongly recommends Dr. K.V. Ravishankar for the award "Champion of Impact".

(N. Sethuram)
