## Whom it may concern

I had the privilege of supporting the Ushakiran Charitable Trust, led by Dr. Shri Ravishankar, for its tireless efforts in assisting the financially disadvantaged sections of the community with eye-related issues. Dr. Ravishankar and his team, on average, perform about 300 free surgeries for those in most need.

Their service to humanity is truly commendable. I wholeheartedly recommend Dr. Ravishankar for recognition of his pediatric project, not only in India but also in African countries.

Please don't hesitate to contact me if you have any further questions.

Sincerely yours

Rajendra Yenkanamoole
